

The Home Front

December 2006

Mark Your Calendar:

Friday Arts & Fun

Register Now for the Spring Session

Deadline: December 15

Space is limited so don't delay!

New for the Spring session is a handbook that will guide you as to what to expect from Friday classes and the guidelines that we have laid out for teachers and participants. Due to the large content of materials this has produced we are emailing it out to everyone. If you have not received it, cannot open it, or for any other reason need a hard copy we will be happy to mail one to you. Please Contact Audrey Britt, homefronted@aol.com to get a copy sent to you. This information will also be posted on our website soon.

In addition, we are asking each teacher and parent participating in Friday classes to sign an agreement to abide by the guidelines set forth in the handbook. These forms were also sent to you and must be signed and turned in by the first class.

These changes have been made to inform our participants and to help the leadership better communicate with our members. If you have any questions or concerns please contact Deb McPherson.

For more information contact Deb McPherson, 845-7601.

Support Group Meeting

Mom's Night Out Christmas Dinner

Tuesday, December 19

Montebello's Italian Restaurant

14575 Forest Rd. (221 South)

Electricity Class

Investigating Electricity: Measurements and Applications

Science Museum of Va., Roanoke

Wednesday, January 3, 2007

1:00 to 2:30 PM

AGES: 9-12 year olds

Students will learn different ways to measure electrical current and how to change electricity into other kinds of energy. With the use of circuit boards designed by local engineers, students will investigate different kinds of circuits to fit specific job needs in everyday applications.

PREREQUISITES: Basic understanding of electricity and 4th grade math skills. PLEASE BRING a calculator to use during class.

MUST HAVE A MINIMUM OF 5 STUDENTS OR CLASS WILL BE CANCELED.

Please pre-register by downloading application and mailing or faxing application by December 29, 2006.

You may register at www.smwv.org/mindex.html

CVCC Class Opportunities in Biology, Physics, and Chemistry

CVCC is willing to develop classes for homeschoolers in various science subjects such as biology, physics, and chemistry. If interested, please contact Neda Hicks at 845-7028 or neda.hicks.1@netzero.net.

Spelling Bee

Coming January 2007

Watch your email for information about the upcoming spelling bee in January. If you are interested, feel free to contact Audrey Britt, homefronted@aol.com for more information after the first of the year.

2007 Convention Hotel Rooms

Are you planning to attend the HEAV convention in June? Would you like to share a room in the Marriott across the street? If so, contact Audrey Britt, homefronted@aol.com. We need to reserve our rooms in January, because they fill up fast!

Coming in January...

Scott Woodruff, legal council for Home School Legal Defense will be joining us at our monthly support group meeting on Tuesday, January 16, 2007. He will speak about the homeschool law, including the recent changes and how they affect us. We will also take questions from the audience. This is a great opportunity to have your questions/concerns answered. We would like this to be a community event. Flyers are available for posting in public places. Please help us get the word out to all the homeschool families you know by word of mouth and posting the flyers in your church/library, etc.

For more information, please contact Audrey Britt.

*Home Front
Educators
Extends its sympathy
to Paul and Mary
Muller in the recent
loss of Paul's mother.
May the Lord's com-
fort be with you during
this difficult time.*

*May the light of Jesus
shine brightly in your
family this Christmas
season! From the lead-
ership of Home Front
Educators, we wish
you a joyous
season,
remembering
our most
incredible
gift.*
